About Cantex Mining Services

Cantex Mining Services is a leading civil and mining construction company, proudly 100% Indigenous-owned and headquartered in British Columbia. We are a subsidiary of K'en T'em Limited Partnership, whose limited partners are the eight Participating Bands of the Citxw Nlaka'pamux Assembly: Ashcroft Indian Band, Boston Bar First Nation, Coldwater Indian Band, Cook's Ferry Indian Band, Nicomen Indian Band, Nooaitch Indian Band, Shackan Indian Band, and Siska Indian Band.

Cantex is recognized for its unwavering commitment to quality, safety, and operational excellence. Our experienced management team, skilled professionals, and fully trained workforce are dedicated to delivering high-performance projects on time and on budget. We take pride in executing well-managed operations with a focus on safety, reliability, and outstanding workmanship.

As an Indigenous-owned enterprise, Cantex is deeply committed to advancing economic development and creating meaningful opportunities within our communities. We believe in building a strong future by fostering long-term prosperity and sustainable growth for the generations to come.

Job Summary:

Cantex Mining Services is seeking an experienced Estimator (Civil Earthwork) for an heavy civil operation around Logan Lake, BC. Working in conjunction with the Project Manager and Site Superintendent, the Estimator will determine contractor and labour needs, calculate job profitability, prepare and submit bids, and maintain cost databases.

Travel to (potential) project sites is required prior to proposal submission and required during project construction.

This role will begin on a part-time or contract basis with the potential to transition to a full-time position based on performance. The position is fully remote, with availability required during standard business hours for on-call support and Teams meetings.

Key Responsibilities:

- Provide support to the Project Manager during tendering phase of all projects. Assemble accurate, timely and well-organized estimates and new project set-up documents, including bids, construction management, design builds, cost estimates and control budgets.
- Utilize your technical abilities to analyze drawings and specifications. Coordinate tender process and maintain a good relationship with clients, subcontractors, consultants, vendors, end users and suppliers. Create and issue quotes/proposal submission documents.
- Review bid requirements for projects, prepare and attend site walkthroughs and project site meetings, review and confirm geotechnical conditions, draft risk matrix and prepare take-offs. Assist in creating preliminary budgets for all successful tender projects and change order pricing.
- Assist with the overall management of major infrastructure projects from pre-construction phase until completion.
- Other duties as needed.

Qualifications:

- Bachelor's degree or equivalent trade experience.
- Minimum 10 years of construction cost estimating and field experience.
- Experience with a General or Civil Contractor.
- Led pursuits valued from \$1 to \$50 million.
- Knowledge of self-perform estimate and productivity.
- Understanding different construction methods, planning, scheduling, and sequencing.
- Knowledge of bid preparation, quantity take-off, trade contractor procurement, pricing, and bid closing.

Please Note:

This is not a camp provided site. Employees are required to be from the region & find their own accommodations for this local hire project.
