About Cantex Mining Services:

Cantex Mining Services is a premier civil and mining construction company based in British Columbia, proudly 100% Indigenous owned. A part of K'len T'em Limited Partnership, which is owned by the eight bands of the C̓it̓xw Nlaka'pamux Assembly, Cantex is known for our high standards of quality, safety, and efficiency. We bring together a team of seasoned management professionals and a fully trained operational workforce to get the job done right. At Cantex, we take pride in our well-managed projects that prioritize safety and timely completion. Our commitment to outstanding workmanship, dedication, and service ensures our clients' projects are completed on time, within budget, and to the highest standards. As an Indigenous-owned company, we are deeply invested in supporting our communities and creating lasting economic opportunities for future generations.

Position Overview:

We are seeking an experienced Quality Control Technician with an Engineering mindset for a earthworks / mining operation around Logan Lake, BC. Experience on construction sites with equipment operating experience will be beneficial. Safety is our number one priority from management to supervision and our culture is focused on teamwork and completing the mission safely. Local positions only. Kamloops, Logan Lake, Ashcroft, Cache Creek, Merritt, and surrounding area. No camp provided!

Responsibilities:

- Follow all Safety Practices and Standards.
- Ensure compliance of the Quality Control Program.
- Collect bucket samples of material in the field and conduct lab testing
- Nuclear densometer training and testing.
- Identify non-conforming results and communicate to the construction team in an effective and timely manner.
- High Standard for accurate field calculations, paperwork, and data entry into quality control database.
- Experience with interpreting IFC Drawings, Inspection Test Plans, and ASTM codes.
- Ensure housekeeping in and around the laboratory.
- Inspect, calibrate, and maintain testing equipment periodically.
- Show up to work on time and fit for duty, follow supervisor instruction with a positive attitude, complete tasks in a timely manner and communicate effectively on the radio.
- The ability to work independently and collaborate as a team to achieve a common goal.
- Must be able to work in various weather conditions for 12 hour shifts. Rain, shine, or snow.

Qualifications:

- Earthworks quality control experience working around heavy equipment, completing compaction testing with a nuclear gauge, and collecting soil samples in the field.
- Experience with lab testing including gradation samples and proctors, field calculations, data entry, and the ability to read procedure and follow them to a high ethical standard.
- Engineer In Training (EIT) registered with EGBC
- Experience with Microsoft office (Word, Excel, Outlook, and access) is required.
- Valid Class 5 driver's license is required.
- Drug and Alcohol Pre-access Test

To Apply:

Please submit your resume and a cover letter detailing your relevant experience to HR@cantexminingservices.ca. We look forward to welcoming a Finance Specialist who is ready to contribute to our team and help Cantex achieve financial accuracy, efficiency, and continued success.

Cantex Mining Services is an equal opportunity employer.
